№ _____ від _____ 20__ р.

Dear Mr. Julian Popov,

The Ministry of Economy, Environment and Agriculture of Ukraine presents its compliments to the Ministry of Environment and Water of the Republic of Bulgaria and, reports of the following.

As the successor to the assets, rights and obligations of the liquidated Ministry of Environmental Protection and Natural Resources of Ukraine, the Ministry of Economy, Environment and Agriculture of Ukraine is resuming the consultations under the proposed activities of JSC NNEGC «ENERGOATOM» «Construction of power units No. 5 and 6 with an AP-1000 reactor at the Khmelnytskyi Nuclear Power Plant Site», in compliance with Articles 3-5 to the Espoo Convention.

In response to the request for notification under Article 3 of the Espoo Convention from the Ministry of the Environment and Water of the Republic of Bulgaria (letter #48-00-494-1, dated July 09, 2025), we are submitting a Notification about the proposed activity, which is subject to environmental impact assessment (is attached).

Please take note that, at the time of receipt of the request from the Bulgarian Side for notification under Article 3 of the Espoo Convention, the procedure of environmental impact assessment in transboundary context had already been initiated. In line with provision of this Article, the Republic Bulgaria was not considered by Ukraine as a Party which may be an Affected Party.

We look forward to continued fruitful cooperation under the Espoo Convention and would appreciate a response from the Bulgarian Side regarding its a decision to take participate in the consultations provided for in Article 5 of the Espoo Convention within one month of receiving this letter.
