

CORSIA AT A GLANCE SERIES

CORSIA IMPLEMENTATION COMPONENTS

In order to implement CORSIA, a series of components are being developed to provide stakeholders with the necessary information. The **Standards and Recommended Practices (SARPs) in Annex 16 Volume IV ①** provide the mandatory actions by States or operators (the “what” and “when”) to implement CORSIA, while the **Environmental Technical Manual (ETM) Volume IV ②** provides the guidance on the process (the “how”) to implement CORSIA.

Due to CORSIA specific characteristics, **Implementation Elements ③** are also being developed as another component of the CORSIA structure, which do not require mandatory actions by States or operators, but contain essential information for implementation of CORSIA.
