

QUESTIONNAIRE ON THE USE OF IT IN EU ETS MRV

Industry Installations, Aviation Operators and Accredited Verifiers

The Directorate-General for Climate Action (DG CLIMA) has mandated KURT SALMON to conduct an online survey on the “Assessment of impacts on the use of IT in the EU ETS MRV (Monitoring, Reporting, and Verification)”. The outcomes of this survey will contribute to the ongoing work of DG CLIMA on harmonizing and facilitating the EU ETS Electronic Reporting.

We would like to invite you to the online survey for EU ETS Industry Installations, Aviation Operators and verifiers. To begin, please click the survey URL below:

Survey URL for ETS operators: https://ec.europa.eu/eusurvey/runner/ETS_Operators

Survey URL for ETS verifiers: https://ec.europa.eu/eusurvey/runner/ETS_Verifiers

We would appreciate if you could complete the online survey by 29 May 2015.

The main objective of this questionnaire is to collect information on the use of existing electronic reporting language for EU ETS MRV by the Industry, Aviation and Verifiers.

We understand that this is a particularly busy period of the year, but we would still invite you to come forward with your opinions and input. *The survey is user-friendly and you should be able to complete it within 20-30 minutes or less.*

Please do not hesitate to contact us should you have any question or comment.
Thank you for your participation.
