Espoo, NPP Kozloduy

Dear Ms. Metodieva,

Thank you for the notification regarding the construction of one new nuclear energy unit at the nuclear power plant in Kozloduy according to Art. 3 para 2 Espoo Convention and Art. 7 para 1 EIA Directive.

Austria informs Bulgaria pursuant to Art. 3 para 3 Espoo Convention and Art. 7 para 2 EIA Directive that it will take part in the transboundary procedure pursuant to the Espoo Convention and EIA Directive since significant transboundary effects on Austria's environment cannot be excluded.

Therefore Austria requests Bulgaria to submit the environmental impact assessment documentation with information on public participation (e.g. possibilities of the public to participate, time frames) in order to give the Austrian public equivalent opportunities according to Art. 2 para 6 Espoo Convention. Consequently Austria asks to send the documentation in German language.

With regard to the scope of the EIA Austria expects a comprehensive analysis and assessment of severe accidents with long range impacts in the environmental report.

For the future I kindly ask to send the documents and letters within the Espoo procedure directly to the Austrian Espoo Point of Contact, Dr. Ursula Platzer-Schneider, BMLFUW, Stubenbastei 5, A-1010 Wien, ursula.platzer@lebensministerium.at.

Kind regards,

On behalf of the Minister:
Dr Ursula Platzer-Schneider
